Scope of limited review:

We conducted our review in accordance with the International Standard on Review Engagements 2410 "Review of Interim Financial Statements Information performed by the Independent Auditor of the Entity" That is endorsed in the Kingdom of Saudi Arabia. A review of interim condensed financial statement consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A limited review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing that are endorsed in the Kingdom of Saudi Arabia, and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our limited review, nothing has come to our attention that causes us to believe that the accompanying interim condensed financial statements do not present fairly in all material respects, in accordance with IAS 34. That is endorsed in the Kingdom of Saudi Arabia.
